The written examination shall represent forty percent (40%) of the final score and the oral examination shall represent sixty percent (60%) of the final score. All required tests shall be passed in order for the applicant to continue further in the process. All tests shall be practical in character and shall test fairly the merit and fitness of persons seeking promotion (53 P.S. § 55642). In addition, standards set forth in Section 3.7 of these Rules and Regulations shall apply to applicants for the position of Sergeant or Captain. After an applicant who is *not already an employee* has been extended the offer of the advanced position, the final appointment to the promotional position shall be conditioned upon a background investigation, medical, psychological, drug, alcohol, and polygraph examinations. Veterans' preference (points or otherwise) shall not be provided for advanced positions.

4.3 Notice of Examination

The Commission shall appoint a physical fitness examiner, a written examination administrator, an Oral Examination Board, a medical examiner, a psychological examiner, and a polygrapher to conduct the appropriate examinations required by these Rules and Regulations.

4.4 Written Examinations

The written examination shall be graded on a 100-point scale and an applicant must score seventy-five percent (75%) in order to continue in the application process. Applicants scoring less than seventy-five percent (75%) shall be rejected. Upon receipt of the test results, all applicants shall be given written notice in accordance with Section 4.9 of these Rules and Regulations, of their test results. Only the top twelve (12) applicants with scores of seventy-five percent (75%) or higher shall be scheduled for an oral examination appointment.

4.5 Oral Examination

The top twelve (12) applicants who score seventy-five percent (75%) or higher in the written examination shall be given an oral examination which will be graded on a one hundred (100) point scale with a score of eighty percent (80%) or higher necessary for passing. The oral examination shall involve questioning applicants on how they would handle situations relevant to police work. Each applicant will be asked essentially the same questions, in the same order, and advised that the interview will be recorded and will be confidential. The oral examination will be conducted by the Oral Examination Board.

4.6 Veterans Preference

Where required by law, any applicant for the position of Police Officer who qualifies as a Soldier under the Veterans Preference Act, 51 P.S. §7101.1, shall receive an additional ten (10) points on top of their total score if that applicant had received passing scores under Sections 4.1, 4.4 and 4.5.

Applicants claiming veteran's preference shall have submitted satisfactory proof of service and honorable discharge therefrom with their application form.

4.7 Physical Agility Testing

Applicants for the position of Police Officer shall meet the requirements of the physical agility test

before proceeding to the written and oral examinations. Requirements of the physical agility test will be provided in the Information to Applicant received with the Application Form.

Applicants will be informed of their pass/fail status upon completion of the Physical Agility Test. Applicants that successfully complete the Physical Agility Test will proceed directly to the written examination.

4.8 Background Investigation

A Preliminary Background Check is performed on the top three scoring applicants and shall include a criminal history and driver's license check to determine if there are any disqualifying violations. A Full Background Investigation will be conducted on any conditionally selected applicant. The background investigation may include interviews with the applicant's family, acquaintances, current and former neighbors, references, current and former teachers, school officials and employers. In addition, the applicant's credit history and record of criminal convictions may be investigated. The applicant may be interviewed directly when the information collected during the background investigation requires clarification or explanation.

After the Background Investigation is completed, investigator(s) shall make a written recommendation to the Commission on whether the applicant is appropriate for consideration for the appointment as a Police Officer. If the recommendation is to disqualify, then a detailed written explanation of the reasons for disqualification must be included. The Commission shall make the final determination on whether the information collected during the preliminary background check warrants rejection of the applicant.

Disqualification of any applicant shall be done in writing in accordance with Section 4.9 of these Rules and Regulations, and shall include the procedure to follow to appeal the decision that the applicant must request in writing a hearing before the Township of O'Hara Civil Service Commission within ten (10) days of receipt of the notice of disqualification.

Disqualifications will be done in accordance with all applicable laws.

4.9 Communication/Notification

All communication/notification between the applicants and Township shall be via First Class Mail and/or email, and/or other efficient means. The communication/notification includes, but is not limited to, examination/testing dates, time, location; pass/fail status of examinations/tests.

The Township Manager, or other designated person, shall give, in writing, to each applicant qualified for the next step in the examination process, a notice which shall include the date, time and place the applicant shall report for the next examination in the process. In the case of physical and psychological examinations, the Township Manager shall notify the Police Officer applicant who has been conditionally offered a position in the police department by a written notice of the date, time and place of the examinations as well as the name of the physical and psychological examiners.

Every such notice shall be emailed or otherwise delivered at least seven (7) days prior to the date fixed for examination. Only applicants receiving notices to report for any examination shall be permitted to participate in such examination, and each applicant shall present the notice to the

examiner before the examination. Failure to report for an examination in accordance with the instructions contained in the written notice shall disqualify the applicant, except that in the case of a physical or psychological examination, the physician or psychologist designated in the notice may fix another date or time for such examination, provided, however, that any such date or time shall be written with the period of at least seven (7) days of the date and time established in the written notice.

4.10 Tie Breaker

In the event there is a tie of the total score, including Veterans Preference Points, the Commission will have prepared and separately scored a single question in the oral examination. The score of this question shall be the tie breaker between or among applicants with the same total score. The question will be predetermined as the tie breaker prior to the beginning of the selection process and shall not be used for any other purpose than to break a tie between or among applicants with the same total score for purpose of ranking on the Eligibility List. If there is a tie among or between applicants with the same score on the tie breaker question, the applicant with the earliest time of receipt of the application will be the final tie breaker for purpose of ranking on the Eligibility List.

Section 5. Certification of the List of Eligibility and Appointment

5.1 Creation of Eligibility List

At the completion of the physical agility test, written examination and oral examination the Commission shall rank all passing applicants on a list with the applicant receiving the highest score at the top of the list and the applicant receiving the lowest passing score at the bottom of the list. Applicants who qualify for veterans' preference points shall have those points added to their passing score prior to being ranked on the Eligibility List. For promotional positions, fulfilling the performance requirement set forth in Section 3.7 is also required. In the case of tied scores, the tie will be broken by the process outlined in Section 4.10.

The Eligibility List will be valid for eighteen (18) months from the date the Commission formally adopts the Eligibility List. Prior to the expiration of the Eligibility List, the Commission may recommend the extension of the Eligibility List for up to an additional twelve (12) months to Council for approval.

5.2 Appointment

- A. The Township Manager may fill any vacancy in an existing position in the Police Department which occurs as a result of expansion of the police force, retirement, resignation, disability or death by the reappointment or reinstatement of a former employee of the Police Department who has been furloughed. Except for the medical and psychological examinations, no other testing shall be required for a furloughed employee or a rehired or reappointed employee. The Township Manager shall have the discretion, on a case-by-case basis, to decide whether or not a furloughed employee shall be required to take medical and/or psychological examinations before being rehired or reappointed.
- B. All Police Officer positions except those filled by furlough lists and that of

Superintendent of Police, shall be filled only in the following manner:

- 1) The Township Manager shall notify the Commission of any vacancy which is to be filled and shall request the certification of three (3) names from the Eligibility List;
 - 2) If three (3) names are not available, then the Commission shall certify the name(s) remaining on the List;
 - 3) The Township reserves the right to perform additional background and reference verification prior to hiring an eligible applicant;
 - 4) The Township Manager shall make an appointment from one of the three names certified with reference to the merits and fitness of the applicants.
- C. Nothing contained herein shall obligate the Township Manager to make an appointment or shall grant any right to any applicant or member of any Eligibility List to be appointed. The Township has the discretion to reject all applicants certified, to reject specific applicants in accordance with these regulations, or to choose any of the applicants who are in the top three, not necessarily in numerical order, unless there is a Veteran in the top three entitled to selection preference. If all applicants in the top three are rejected the Township may move down the List once the due process requirements for rejected applicants are met or may start the process over to create a new Eligibility List. If a specific applicant or applicants are rejected from the certified list of three, the Township may request that the Commission certify a new List of three by adding an applicant or applicants from the Eligibility List, until a qualified applicant is selected.

5.3 Appointment of Superintendent of Police

In the case of a vacancy in the office of Superintendent of Police and/or Deputy Superintendent of Police, the Township Manager has full discretion in selecting the individual to fill the position of Superintendent of Police and/or Deputy Superintendent of Police. If the Township Manager requests the Commission to subject that person to a noncompetitive examination, and if that person successfully passes the noncompetitive examination, then the Commission shall notify the Township Manager of the results of the examination and, if appointed, that person may only be removed from the position of Superintendent of Police for the reasons set forth in Section 6.1.

5.4 Physical, Psychological, and Polygraph Examinations

After the Township Manager selects an applicant from the three certified individuals on the Eligibility List for appointment to the vacant position, that applicant shall submit to medical, psychological, drug, alcohol, and polygraph examinations by the appropriate appointed experts.

- A. **Medical:** The conditional appointee must be certified as free from bodily or mental defects, deformity or disease that might incapacitate the applicant from the discharge of the duties of the position desired. A copy of the exact requirements is on file with the Commission. Notwithstanding this, the medical examiner may reject an applicant for any job-related medical reason. If the applicant successfully passes the medical and psychological exams, then the applicant may be appointed to the vacant position in the Police Department for which the application was submitted. If the opinion rendered by the appointed examiner calls into question the conditional appointee's ability to perform

all essential functions of a position, the Township Manager or their designee shall meet with the conditional appointee for the purpose of having one or more interactive discussions on whether the conditional appointee can, with or without reasonable accommodation, perform all the essential functions of the position. If, at the conclusion of the interactive discussion(s) the Township Manager or their designee determines that the conditional appointee cannot perform the essential functions of the job of Police Officer, with or without a reasonable accommodation, the Township Manager shall give written notice to the conditional appointee and the Civil Service Commission, that the conditional offer is revoked and the basis therefore.

- B. Polygraph. Each conditional appointee shall undergo a polygraph examination to test the truthfulness of the information provided during the application process and for good moral character. Based on the results provided by the polygrapher, the Township Manager has discretion to reject an applicant who fails the polygraph, have the applicant retested, or reject the results.

5.5 Probationary Period

Every successful applicant to an original position with the Police Department shall serve a twelve (12) month probationary period. During the probationary period, a newly hired Officer may only be dismissed for cause for the reasons set forth in Sections 3.6 and 6.1. However, near the end of the twelve (12) month probationary period, if the conduct or fitness of the probationer has not been satisfactory to the Township Manager or their designee, the probationer shall be notified in writing prior to the termination of the probationary period that the appointment will not be permanent. At that time, a newly hired Officer's employment shall end. Any Officer who is not informed in writing within their probationary period that their performance has been unsatisfactory, shall receive a permanent appointment to the new position.

Where an individual who is already a Police Officer for the Township has been promoted to an advanced position, that individual shall serve a twelve (12) month probationary period within that advanced position. During the probationary period, the promoted Officer may be either dismissed for cause or reduced in rank for cause, for the reasons set forth in Sections 3.6., 3.7 and 6.1. However, near the end of the twelve (12) month probationary period, if the conduct or fitness of the probationer has not been satisfactory to the Township Manager or their designee the probationer shall be notified in writing prior to the termination of the probationary period that the appointment will not be permanent. At that time, either the promoted Officer shall be reduced in rank or the promoted Officer's employment shall end. If the promoted Officer is not informed in writing within the probationary period that their performance has been unsatisfactory, they shall receive a permanent appointment to the new position.

Any probationer who is notified in writing that their appointment will not be made permanent may appeal for a hearing before the Civil Service Commission.

Section 6. Suspensions, Removals and Reductions in Rank

6.1 Grounds for Disciplinary Action

- A. No person appointed to a position in the Police Department pursuant to these Rules and

Regulations may be suspended, removed or reduced in rank except for the following reasons:

- 1) Physical or mental disability affecting the Officer's ability to continue in service, in which case the Officer shall receive an honorable discharge from service;
 - 2) Neglect or violation of any official duty;
 - 3) Violation of any law of this Commonwealth which provides that such violation constitutes a misdemeanor or felony;
 - 4) Inefficiency, neglect, intemperance, disobedience of orders or conduct unbecoming of a Police Officer;
 - 5) Intoxication while on duty; or
 - 6) Engaging or participating in conducting any political or election campaign other than the Officer's exercise of the right of suffrage.
- B. No Officer shall be removed for unlawful reason, including but not limited to, religion, race, sex, sexual orientation, sexual identity, or politics.
- C. The Superintendent of Police or the Township Manager may impose more significant discipline because of extenuating circumstances surrounding an incident of misconduct.

6.2 Removal

The Township Manager or a designated representative may suspend a Police Officer without pay pending the determination of any charge or charges, including disabilities, against the person. In the event the Commission fails to uphold the charge or charges then the person sought to be suspended, removed or reduced in rank shall be reinstated with full pay for the period during which the person was suspended, removed or reduced in rank, and no charge or charges shall be officially recorded against the person's record.

6.3 Furloughs

- A. If for reasons of economy or other reasons, it shall be deemed necessary by the Township of O'Hara to reduce the number of Police Officers in the department, then the Township of O'Hara shall apply the following procedure: (1) if there are any employees eligible for retirement under the terms of any retirement or pension law, then such reduction in numbers shall be made by retirement if the party to be retired exceeds the maximum age as defined in the Pennsylvania Human Relations Act; (2) if the number of Police Officers eligible for retirement is insufficient to effect the necessary reductions in numbers, or if there are no persons eligible for retirement, or if no retirement or pension fund exists, then the reductions shall be effected by furloughing the person or persons, including probationers, last appointed to the respective force.
- B. Such removal shall be accomplished by furloughing in numerical order commencing with the person last appointed until such reduction shall have been accomplished. In the event that the Township Manager decides to increase the Police Department, the furloughed Officers shall be reinstated in order of their seniority in the department if the furloughed Officer accepts reinstatement in writing within thirty (30) days of receiving

notice of the opening. These reductions in force provisions are not applicable to the Superintendent of Police.

6.4 Notice of Suspensions, Removal or Reduction in Rank

Whenever a Police Officer is suspended, removed or reduced in rank, the specific charges warranting such actions shall be stated in writing by the Township Manager. The charges shall be stated clearly and in sufficient detail to enable the Officer to understand the charges and to allow the Officer an opportunity to respond to those charges. The charges shall specify the subsection of Section 6.1 which provides the basis for the disciplinary action as well as an explanation of the factual circumstances upon which the Township Manager relied in finding a violation of Section 6.1.

Within five days after the Township Manager has filed written charges, the written charges shall be delivered to the Officer either by personal service or by certified or registered mail. In addition, the Police Officer shall be notified of the right to appeal under Section 6.5 of these Rules and Regulations. A copy of the statement of charges shall also be served upon the members of the Civil Service Commission by regular first-class mail or in person.

6.5 Hearings on Suspension, Removals and Reductions in Rank

The Officer who has been suspended, removed or reduced in rank may appeal the decision of the Township Manager by written notice to the Secretary of the Civil Service Commission at 325 Fox Chapel Road, Pittsburgh, PA 15238 requesting a hearing. This request shall be received by the Commission within ten days after the Officer receives notice of the discipline. The Officer may make written answers to any charges filed not later than the date fixed for the hearing. Failure of the Officer to provide written answers to any of the charges shall not be deemed an admission by the Officer.

- A. The Commission shall schedule a hearing within ten days from the Officer's written request for a hearing unless continued by the Commission for a cause at the request of the Township Manager, or the Officer. At any such hearing, the Officer against whom the charges have been made may be present and represented by counsel, may call witnesses and present testimony and documentation in defense. The Township of O'Hara may also be represented by counsel, call witnesses and present evidence as is necessary to support the charges. A stenographic record of all testimony shall be taken at every hearing and preserved by the Commission. In the event the charges are dismissed, the record shall be sealed and not be available for public inspection.
- B. In conducting the hearing, the Commission's standard of review shall be to determine whether sufficient evidence has been presented to support the statutory reason for the disciplinary action. If the Commission finds that sufficient evidence has been introduced to support the charge, the Commission shall not modify the penalty imposed by the Township Manager unless it finds that the penalty imposed was arbitrary, discriminatory or an abuse of the Manager's discretion. The Commission may request post-hearing briefs and shall issue a written decision containing specific findings of fact and conclusions of law within sixty (60) days of receipt of the hearing transcript.
- C. The standard of review which has been incorporated into these Rules and Regulations is based on Commonwealth Court decisions. See *Jenkintown v. Civil Service*

Commission of Jenkintown, 84 Pa. Cmwlth. 183, 478 A.2d 941 (1984); *Hermann v. Civil Service Commission of Jenkintown*, 84 Pa. Cmwlth, 211, 478 A.2d 961 (1984).

6.6 Hearing Procedure

- A. All testimony shall be given under oath administered by the Chairperson, or in absence of the Chair, the Vice-Chairperson. The Commission shall have power to issue subpoenas as set forth in Section 2.12. The hearing shall be open to the public unless, prior to the commencement of the hearing, a written or oral request to close the hearing is made by either the charged Officer or the Township of O'Hara.
- B. If the Commission sustains the charges, the Officer who was suspended, removed or reduced in rank may file an appeal with the Court of Common Pleas within thirty (30) days from the date of entry by the Commission of its final order. No order of suspension shall be sustained by the Commission for a period longer than one year. In the event the Commission fails to uphold the charges, then the person sought to be suspended, removed or demoted shall be reinstated with full pay for the period of the suspension, removal or demotion, and no charges related to the suspension, removal or reduction in rank shall be officially recorded in the Officer's record.
